

I want the FCC to oppose to expand this service in a way that would allow the new LPFM stations to take priority over current FM translator service.

I listen to KLOVE on 90.5 FM in the Indy market. I feel that KLOVE provides me with a Family friendly commercial free radio service in my area.

If a LPFM station were allowed to take over the frequency there would be no commercial free Christian Music radio in my area. This means that we would be forced to listen to CD's and tapes rather than use the radio.

We find it quite a benefit to our community to have KLOVE's family friendly radio in our area.
